

### English

The books will link to our History and Science topics. We will be focusing on grammar and making sure that the children are joining. We will be reading a variety of texts and answering more complicated questions.

### Mathematics

In this final half term, we will be recapping and consolidating prior learning and ensuring that children are secure with the year 2 mathematical skills and objectives.

### Science

This half term we will be focusing on habitats and looking at different living things. Allow the children to find different micro-habitats at home.

### Computing

We will focus on presenting ideas in different forms on purple mash.

## Ashfield Valley Primary School Year 2 Summer Newsletter 2 2023

Hello,  
Well done to Year 2 for trying so hard on their Sats.

Please have a look at the reminders:  
PE kits are needed every Wednesday.

Please can you listen to your child read every day and sign the reading record.

Spellings need to be practised every week!

Many thanks,  
Mrs Nisar  
Mrs Asad  
Mrs Kauser

### History

The children will be learning about heroes and they will find out about two local heroes that have helped our community.

### Art

The artist this half term is Georges Seurat who is a French artist. They will explore different paints and using different textures to create paintings.

### Physical Education/Outdoor Education

This half term, the focus will be on athletics. The children will be able to learn how to jump and throw in different ways and will have the skills to work in a team and compete against one another.
