

## English

This term, we will be reading a book called 'Escape from Pompeii' which is about the famous eruption of Mount Vesuvius in 79AD. This links with our Geography topic on volcanoes and our History topic on Romans. We will also be looking at Grimm's fairy tales and writing our own versions of well-known stories.

## Mathematics

This term we will be completing multiplication check. Children need to know all of their times tables up to twelves for this. We will also be consolidating our knowledge of fractions, decimals, telling the time and converting measurements. We will also be ensuring children can round to the nearest ten, hundred and thousand.

## Science

Our Science question is 'How can we classify living things?', which is continuing from last half term. See last half term's knowledge organiser for more information.

## Ashfield Valley Primary School

### Year 4 Summer 2 Newsletter 6

Welcome back to school!

This is our last half term in Year 4! We have worked hard and learned so much. We have lots of fun activities planned, including a visit from St. Luke's Primary to our school next week and a visit from a farm this Thursday!

P.E days are Mondays. Please ensure that they have the correct items in their P.E kits. Girls shouldn't wear earrings on PE days.

Please send your child into school every day with a full water bottle. This will need to be taken home and washed daily. As the weather begins to get warmer, children can also bring sunhats or sunglasses to school, but these should be names if possible.

The children will have weekly spellings and sometimes other homework. Children should also be logging into TT Rockstars regularly to help them to learn their times tables.

Thank you,

Mrs Lenton, Miss Dunnnett and Mrs Cox

## Geography

This term, our enquiry question is 'Why do volcanoes and earthquakes happen?'. See the knowledge organiser for more information.

## Art

In art, we will be looking at the artist M.C. Escher, particularly tessellations. The children will practise drawing in the style of Escher and creating tessellations pictures of their own.

## Religious Education

This half term, we will be continuing our topic about how people know what is right and wrong. See knowledge organiser from last half term for

## Physical Education

This half term, we will be completing outdoor activities, team games and problem-solving in PE.

## Computing

We will be continuing to use the computers to complete Reading Plus three times a week.
