

## English

In English this half term we will be reading lots of different texts including Hamlet by William Shakespeare and Goodnight Mr Tom by Michelle Magorian. We will be continuing to work on our writing across the curriculum.

## Mathematics

Your child will be revising all areas of mathematics - focussing on filling any gaps in learning before the transition to their new high school in September.

## Science

This half term the children will be learning about electrical circuits as well as evolution and inheritance.

## Physical Education

This half term the children will be developing their batting and fielding skills further whilst playing rounders.

## Computing

The children will be completing lots of coding activities this half term. They will learn about spreadsheets and blogging.

# Ashfield Valley Primary School

## Year 6 – Summer Newsletter 2 -2023

Dear parents/guardians,

This half term is going to be jam packed as we prepare for our final assembly, get ready for high school and continue with lots of fun learning opportunities now that our SATs are behind us.

P.E. is on Monday so your child will need the correct kit in school on that day. They will bring it home the same day.

Please ensure that your child reads regularly and takes time to study the knowledge organisers for Geography Science and Maths.

It is vital that your child continues to practise times tables and associated division facts regularly.

Please help us to ensure that the children remain focussed on their learning during this final few weeks of primary school.

Many thanks,  
Mrs Fry and the Y6 team.

## Geography

This half term, the children will be learning about what our world might be like in the future.

## Art/D.T

In Design Technology the children will be using their knowledge of a balanced and healthy diet to design and make healthy smoothies.

In art, we will be learning about using perspective in our drawings.

## Religious Education/RHE

In RE the children will be investigating the questions:

**What is good and challenging about being a religious person in Britain today?**

and

**What matters most to people in Britain today?**

In RHE the children will be learning about growing up, the changes that will happen to their bodies during puberty and exploring their feelings about moving on to high school.
