

Ashfield Valley Primary School

Key Stage 2 SATs results 2016

In 2016, we had 30 children in Year 6. One of the children was recently arrived from Eastern Europe and was not able to take all the SATs. One of the children had a critical illness and was not able to take the SATs. Both of these children count as “not achieving” the expected standard.

I am sure that parents will be proud to see that Ashfield Valley has performed very well against children in Rochdale and children nationally: -

At expected standard	Ashfield Valley	Rochdale	National
Reading	70%	61%	66%
Grammar	77%	73.6%	72%
Writing (teacher assessment)	73%	72.9%	74%
Maths	73%	69.6%	70%
Reading, writing, maths combined	60%	50.8%	53%

Our average scores are slightly below Rochdale and national. This is in part due to the two children who were unable to take the tests: -

Average score (tests only)	Ashfield Valley	Rochdale	National
Reading	101.7	101.8	103
Grammar	103.7	104.1	104
Maths	102.3	103	103
